mariyaminamdar04@gmail.com

CARRIER OBJECTIVES

Motivated and detail-oriented **Backend Developer** with strong knowledge of **Java, Spring Boot, SQL,** and **REST APIs**, seeking an opportunity to build scalable and secure server-side applications while enhancing technical and problem-solving skills in a growth-oriented organization.

EDUCATION

BLDEACET College of Engg & Technology | 2022-2026
Bijapur, Karnataka, India

BE Computer Science and Engg
CGPA - 8.7

PDJ College | 2021-2022
Bijapur, Karnataka, India

PUC
87%

Shri Gurudev School | 2019-2020
Bijapur, Karnataka, India

SSLC
89%

INTERNSHIPS & PROJECTS

HulkHire Tech | 2/2026 - 3/2026

Java Developer Trainee

Project: Stripe Payment Integration System

- Developed using Java Spring Boot and Microservices Arch on AWS.
- Integrated Stripe REST APIs(Create, Retrieve, Expire Sessions) and handled payment notifications.
- Implemented security features using HmacSHA256 & Spring Security, along with Basic Auth.
- Built a validation framework and used Redis caching for performance optimization.
- Worked with MySQL, AWS (EC2, RDS) and followed RESTful standards & design patterns.

InnoByte Services | 09/2025 - 10/2025

Java Developer Intern

Project: Online Quiz Application

- Developed a Java-based Online Quiz Application using Core Java, JDBC, MySQL, and OOP principles.
- Implemented secure user authentication with hashed passwords, ensuring 100% protection of user credentials.
- Designed quiz modules with 50+ questions, enabling real-time score calculation and instant feedback.
- Optimized CRUD operations and database queries, improving data retrieval performance.
- Built a modular and scalable backend system, enhancing maintainability and reducing errors.
